TED MORTON

CYBER SECURITY ANALYST

PROFESSIONAL SUMMARY

Experienced Cyber Security Analyst with 5+ years of hands-on experience in threat detection, incident response, and network security. Skilled in conducting penetration testing, vulnerability assessments, and implementing robust security measures to protect organizational assets.

EXPERIENCE

2021 - Now

Cyber Security Analyst

Cyber Defense Solutions / Hanover, MD

- Lead the response to a critical ransomware incident, minimizing data loss and restoring systems within 24 hours.
- Implement new firewall rules and conducted regular penetration testing, reducing vulnerabilities by 30%.
- Collaborate with IT and compliance teams to ensure adherence to GDPR and PCI DSS standards.
- Manage security information and event management (SIEM) tools to monitor and analyze security events.

2019 - 2021

Junior Cyber Security Analyst

SecureTech / Hanover, MD

- Assisted in analyzing security events and incidents, identifying and mitigating potential threats.
- Conducted vulnerability assessments and recommended security improvements, resulting in enhanced system resilience.
- Participated in the development of security documentation, including policies and procedures.

COURSES
