EXPERIENCE

2020 - Now

Social Work Case Manager

Ada County Health Department / Boise, ID

- Develop and manage individualized case plans for a diverse caseload of 40+ clients, focusing on mental health, substance abuse, and housing stability.
- Coordinate with local agencies and service providers to ensure clients receive necessary services and support.
- Conduct regular assessments and updates to adjust care plans based on client progress and changing needs.

2016 - 2020

Case Manager

Idaho Behavioral Health Associates / Nampa, ID

- Provided case management services for clients with behavioral health issues, including crisis intervention and long-term support planning.
- Worked closely with clients to develop achievable goals and connect them with community resources such as therapy, housing, and employment assistance.
- Implemented evidence-based practices and interventions, leading to a 20% increase in client goal attainment.

2014 - 2016

Social Services Coordinator

Gem County Social Services / Emmett, ID

- Managed a caseload of 30+ clients, providing support and referrals for social services including financial aid, health care, and family counseling.
- Assisted in program development and implementation, contributing to the creation of new support services based on community needs.
- Conducted outreach and engagement activities to raise awareness of available services and resources.
