PROFESSIONAL SUMMARY

Empathetic and results-oriented Clinical Research Coordinator with 8+ years of experience in patient-facing roles. Skilled in recruiting, consenting, and monitoring patients across diverse therapeutic areas.

EXPERIENCE

Clinical Research Coordinator 2019 - Now

Methodist Research Institute, Houston, TX

- Recruit and consent patients for Phase I-IV clinical trials in cardiology and neurology.
- Conduct patient visits, performed vitals, and administered questionnaires.
- Collaborate closely with the study team to manage patient scheduling, adherence, and follow-up appointments.
- Facilitate communication between patients, investigators, and sponsors, ensuring timely resolution of patient concerns.

Clinical Research Associate 2016 - 2019

Texas Heart Institute, Houston, TX

- Assisted with patient follow-ups, data entry, and documentation of clinical trial visits.
- Supported data collection activities, including maintaining detailed case report forms (CRFs) and source documentation.
- Conducted patient outreach and scheduled appointments to maximize study participation.
