RUTH CURTSINGER

ENERGY PROJECT MANAGER

PROFESSIONAL SUMMARY

Experienced Energy Project Manager with over 10 years of expertise in planning, executing, and delivering high-impact energy projects in both renewable and conventional sectors. Proficient in leading multidisciplinary teams to implement energy solutions that drive cost-efficiency, optimize performance, and ensure environmental compliance.

EXPERIENCE

- March 2019 - Now

Senior Energy Project Manager

NextEra Energy / United States, New York, NY

- Manage large-scale renewable energy projects, including a M solar farm project.
- Spearhead energy efficiency programs for commercial clients, resulting in a 20% reduction in energy consumptions.
- Lead a cross-functional team of engineers, construction managers, and environmental consultants.

- June 2017 - February 2019

Project Manager

Siemens Energy / United States, Houston, TX

- Oversaw the integration of energy-efficient technologies, achieving a 25% cost reduction for large-scale industrial clients.
- Collaborated with finance teams to structure project budgets, and successfully reduced overall costs by 10%.
- Managed compliance with regulatory bodies such as the EPA, ensuring all projects met environmental impact standards.

- August 2014 - May 2017

Energy Project Coordinator

NRG Energy / United States, Austin, TX

- Assisted in conducting environmental impact assessments, compiling data on wildlife preservation, water usage, and emissions.
- Worked with local governments and community groups to foster support for clean energy projects.
- Conducted regular project status meetings with clients and contractors to track progress and address issues in real-time.
