## Performance API Tester

# Emily Rodriguez

📞 (312) 555-8901

✉ emily.rodriguez@gmail.com

📍 United States, Chicago, IL

## Professional summary

Performance API Tester with over 7 years of experience in evaluating and optimizing the performance of RESTful and SOAP APIs. Adept at identifying bottlenecks and ensuring APIs meet performance standards for scalability and reliability.
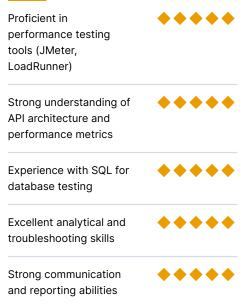

## Education

**Bachelor of Science in Computer Science**

2013 - 2017

DePaul University

United States, Chicago, IL

**Certified Load Tester**

International Software Testing Qualifications Board

Certification Date: March 2023

## Experience

### Performance API Tester

January 2021 - December 2024

Peak Performance Labs / United States, Chicago, IL

- Conducted performance testing using JMeter, analyzing API response times and identifying areas for optimization.
- Collaborated with development teams to implement performance improvements based on test results, reducing latency by 30%.
- Developed detailed performance test plans and scenarios to simulate real-world usage.

### QA Engineer

July 2017 - December 2020

Alpha Tech Corp. / United States, Chicago, IL

- Executed functional and regression testing for APIs, ensuring compliance with performance benchmarks.
- Assisted in the integration of performance testing into the CI/CD pipeline, enhancing overall software quality.

## Skills

Proficient in performance testing tools (JMeter, LoadRunner) ◆◆◆◆◆

Strong understanding of API architecture and performance metrics ◆◆◆◆◆

Experience with SQL for database testing ◆◆◆◆◆

Excellent analytical and troubleshooting skills ◆◆◆◆◆

Strong communication and reporting abilities ◆◆◆◆◆
