# JAMES ROBINSON

## Machine Learning Engineer

(206) 555-7890

james.robinson@gmail.com

Seattle, WA, United States

### Education

#### University of Washington

2014 - 2018

United States

Certification Date: March 2023

Certification Date: December 2021

### Skills

Proficient in Python, R, and SQL 

Strong experience with machine learning frameworks (TensorFlow, PyTorch) 

Knowledge of data preprocessing and feature engineering 

Familiarity with cloud services for model deployment (AWS SageMaker, Google AI Platform) 

Experience with version control systems (Git) 

### Professional summary

Innovative Machine Learning Engineer with 4 years of experience in developing predictive models and deploying machine learning solutions. Strong background in Python and statistical analysis.

### Experience

#### Tech Innovations Inc.

February 2022 - Now

United States, Seattle, WA

#### Machine Learning Engineer

- Develop machine learning models for customer segmentation, leading to a 15% increase in targeted marketing effectiveness.
- Implement a model monitoring system to track performance and drift, ensuring model reliability over time.
- Collaborate with data engineers to optimize data pipelines for model training and inference.

#### Data Analytics Corp.

July 2021 - January 2022

United States, Seattle, WA

#### Junior Machine Learning Engineer

- Assisted in building predictive models using scikit-learn and TensorFlow, focusing on classification and regression tasks.
- Conducted exploratory data analysis to identify trends and inform model selection.
- Collaborated with cross-functional teams to integrate machine learning solutions into production environments.
