### Certified Excavator Operator

National Commission for the Certification of Crane Operators, Certified: March 2018

## PROFESSIONAL SUMMARY

Experienced Excavator Operator with 10 years of expertise in operating large-scale excavation machinery for construction and mining projects. Proficient in ensuring safety protocols, performing routine maintenance, and delivering high-quality excavation work within budget and deadlines.

## EXPERIENCE

### Excavator Operator

2016 - Now

Bechtel Corporation, United States, Chicago, IL

- Operate heavy excavators to dig trenches, foundations, and perform land clearing for large-scale infrastructure projects.
- Conduct pre-operation safety checks and perform routine maintenance on machinery to ensure optimal performance.
- Collaborate with project managers and site supervisors to meet deadlines and project specifications.
- Monitor ground conditions and adjust excavation strategies for precision and safety.

### Excavator Operator Apprentice

2014 - 2016

J.F. Ahern Co., United States, Chicago, IL

- Assisted in operating excavators for grading and trenching on commercial and residential sites.
- Supported senior operators with job site preparation and equipment inspections.
- Gained proficiency in multiple types of excavators, from small to large, for various tasks including digging, lifting, and loading.
