Senior Project Manager

PROFESSIONAL SUMMARY

Experienced Senior Project Manager with a background in healthcare IT and facility management. Proven expertise in implementing large-scale healthcare projects, including electronic health record (EHR) systems, hospital expansions, and patient safety initiatives.

EXPERIENCE

Senior Project Manager, HealthTech Solutions, United States, Chicago, IL

July 2017 - December 2024

- Led the implementation of an EHR system across a network of 20 hospitals, resulting in a 40% reduction in patient data errors.
- Managed the renovation of hospital facilities, ensuring compliance with healthcare regulations and safety standards.
- Worked closely with medical professionals to streamline workflows and improve patient care through technology upgrades.

Project Manager, MedCare Innovations, United States, Chicago, IL

January 2012 - June 2017

- Coordinated the rollout of a hospital-wide mobile app for patient engagement, which increased patient satisfaction by 25%.
- Managed vendor contracts and negotiations, saving the hospital 10% on software purchases.
