# OLIVIA BENNETT

## SENIOR FINANCIAL DATA ANALYST

### PROFESSIONAL SUMMARY

Experienced Senior Data Analyst with a strong background in financial services. Over 9 years of experience in quantitative analysis, financial modeling, and risk management. Expertise in using advanced analytics tools to improve decision-making in fast-paced environments.

### EXPERIENCE

- January 2020 - Now

#### Senior Financial Data Analyst

Goldman Sachs / United States, New York, NY

- Lead analysis of market trends and financial data, providing actionable insights to senior executives and stakeholders.
- Develop complex financial models to forecast market behavior, and risk, and optimize portfolio performance.
- Present findings using data visualization tools (Tableau, Power BI) to drive business strategy for high-net-worth clients.
- Collaborate with cross-functional teams to improve operational efficiency by identifying and addressing financial bottlenecks.

- July 2016 - December 2019

#### Financial Analyst

JP Morgan Chase / United States, New York, NY

- Created reports on market conditions and financial performance, improving decision-making processes for investment strategies.
- Performed data mining and analysis using SQL and Excel to uncover trends in market fluctuations and asset management.
- Assisted in quarterly risk assessments and recommendations for reducing potential exposure to financial markets.

### VOLUNTEER EXPERIENCE

- June 2018 - Now / Nonprofit Financial Empowerment Organization, New York, NY

#### Financial Literacy Program Volunteer

Volunteer to teach financial literacy and data analysis techniques to underserved communities, helping individuals understand personal finance, budgeting, and investment.
