KEVIN HARRISON

Senior Industrial Pipefitter

(369) 595-5359

kevin.harrison@gmail.com

Houston, TX, United States

Education

Houston Community College

2011 - 2015

United States

Occupational Safety and Health Administration

Certification Date: April 2020

National Center for Construction Education and Research

Certification Date: June 2018

Skills

Advanced pipefitting

Blueprint reading and interpreting technical drawings

Pipe installation in industrial settings (chemical, refinery, manufacturing)

Knowledge of safety protocols (OSHA standards)

Equipment maintenance and troubleshooting

Languages

Fluent in English and Spanish

Professional summary

Experienced Industrial Pipefitter with over 10 years in large-scale manufacturing and refinery projects. Skilled in welding, pipe installation, and blueprint reading. Adept at ensuring compliance with safety regulations and working under tight deadlines.

Experience

ExxonMobil Refinery

January 2017 - Now

United States, Houston, TX

Senior Industrial Pipefitter

- Lead a team of pipefitters in installing, repairing, and maintaining pipe systems for industrial applications, including gas and chemical refineries.
- Install piping systems according to blueprints, schematics, and specifications, ensuring quality control at each step.
- Supervise the welding and fabrication of pipe materials, providing hands-on expertise in aligning and fitting pipes.
- Ensure all work complies with safety standards and environmental regulations, minimizing risks during installation.
- Collaborate with engineers and project managers to plan installations and troubleshoot any issues.

Chevron Chemical Plant

June 2015 - December 2016

United States, Houston, TX

Industrial Pipefitter

- Installed and maintained large piping systems, including those for chemical and water lines, in a high-pressure industrial environment.
- Conducted routine inspections and repairs, replacing outdated sections and ensuring systems met current standards.
- Interpreted engineering drawings to ensure proper system installation and compliance with the project requirements.
- Assisted in training junior pipefitters and provided mentoring for safety procedures and best practices.
