PROFESSIONAL SUMMARY

Dedicated and compassionate special education math teacher with over 15 years of experience in creating inclusive, supportive learning environments. Skilled in differentiated instruction, IEP development, and progress monitoring to help students with diverse needs excel in mathematics.

EXPERIENCE

August 2013 - Now

Special Education Math Teacher

West Middle School / United States, Denver, CO

- Design and deliver individualized math instruction for students with learning disabilities, autism spectrum disorders, and emotional/behavioral challenges.
- Collaborate with IEP teams, including parents, counselors, and therapists, to create tailored education plans aligned with students' needs and goals.
- Spearheaded the implementation of a peer mentoring program, fostering a supportive environment and boosting student confidence in math skills.
- Led professional development workshops on differentiated instruction and effective use of assistive technologies in the classroom.

June 2010 - July 2013

Math Intervention Specialist

Boulder Unified School District / United States, CO

- Conducted small-group and one-on-one math interventions to strengthen foundational skills and address gaps in knowledge.
- Developed hands-on activities and multimedia tools to engage students with varying learning styles.
- Monitored student progress using data-driven assessment tools and adjusted strategies accordingly.

EDUCATION

2008 - 2010

Master's in Special Education

University of Colorado at Denver / United States

2004 - 2008

Bachelor of Science in Education, Mathematics

Colorado State University / United States

Colorado Special Education Teaching License (K-12)

(Issued: August 2010 | Valid Through: 2030)

★ **Mathematics Endorsement (6–12)**

(Issued: September 2010 | Valid Through: 2030)

★ **Google Certified Educator, Level 1**

(Issued: March 2022 | Valid Through: 2025)

ADDITIONAL ACTIVITIES

- Volunteered for **MathCounts** coaching sessions for middle school students preparing for state competitions.
- Served as a panelist at the **Colorado Educators Conference** (2021), presenting on innovative strategies for math intervention.
