## EXPERIENCE

### Tree Care Specialist

2017 - Now

#### Evergreen Tree Services, Seattle, Washington

- Lead comprehensive tree health assessments, offering recommendations for pest management, pruning, and disease treatment.
- Apply advanced climbing techniques to ensure safe and precise pruning, improving tree structure and longevity.
- Use integrated IPM methods to control infestations, boosting tree health by 40%.
- Coordinate with arborist teams to ensure safety during complex tree removal projects.

### Arborist Assistant

2013 - 2017

#### Northwest Tree Solutions, Tacoma, Washington

- Performed detailed soil analysis to assess tree vitality and environmental suitability.
- Operated heavy equipment such as stump grinders, chainsaws, and aerial lifts, ensuring compliance with safety standards.
- Supported clients with advice on tree care, seasonal adjustments, and proper watering techniques.
- Contributed to team efforts in maintaining trees in urban areas, improving public safety and aesthetic value.
