EDUCATION

Bachelor of Science in Computer Science

University of California, Berkeley, United States, Graduated: May 2025

- GPA: 3.8/4.0
- Relevant Coursework: Data Structures and Algorithms, Web Development-, Software Engineering, Database Management

Certifications

- **AWS Certified Developer – Associate-** — December 2023
- **Certified Java Programmer**, *Oracle* — March 2023

💼 PROFESSIONAL SUMMARY

Motivated and detail-oriented Software Engineer with a strong foundation in development and programming languages such as Python, Java, and C++. Experienced in developing full-stack applications and debugging complex software issues. Looking to apply my skills in software development to contribute to innovative projects in a collaborative team environment.

💼 EXPERIENCE

Software Engineer   2025 - Now

Tech Innovations Inc., San Francisco, CA

- Develop and maintain web applications using React, Node.js, and MongoDB, improving user experience and application efficiency.
- Collaborate with cross-functional teams to design and implement software solutions that meet client requirements.
- Participate in code reviews, unit testing, and debugging to maintain high standards of quality and performance.
- Assist in the implementation of cloud-based infrastructure on AWS, improving scalability and performance.

Software Development Intern   2024 - 2024

NextGen Solutions, San Francisco, CA

- Assisted in the design and development of a mobile application for iOS and Android using Swift and Kotlin.
- Worked with the QA team to identify and resolve bugs, enhancing the app's stability before launch.
- Participated in daily Scrum meetings and collaborated with senior developers on various projects.
- Wrote technical documentation and improved internal tools for the development team.

⭐ SKILLS

Skill	Rating
Full-stack development with React, Node.js, and MongoDB	★★★★★
Object-Oriented Programming (OOP) in Python, Java, and C++	★★★★★
Agile/Scrum methodology	★★★★★
Cloud computing with AWS	★★★★★
Unit testing and debugging	★★★★★
