

Cardiologist

Dr. Michael Lee MD

Professional summary

Experienced cardiologist with a focus on diagnosing and treating heart diseases, including coronary artery disease, arrhythmias, and heart failure. Over 15 years of experience providing expert care and improving patient outcomes through advanced diagnostic and therapeutic techniques.

Experience

Cardiologist

2015 - Now

Mayo Clinic / Rochester, MN

- Lead a team of cardiologists specializing in heart disease diagnosis and treatment, utilizing the latest in cardiac imaging and diagnostic technologies.
- Manage patients with complex heart conditions such as failure, arrhythmias, and myocardial infarctions, providing personalized care plans.
- Conduct advanced diagnostic tests, including stress testing, echocardiograms, and CT angiography, ensuring precise and timely results.
- Worked on a cardiac rehabilitation program that helped improve patient outcomes and reduced readmission rates by 15% for heart failure patients.

Cardiology Fellow

2010 - 2015

Cleveland Clinic / Cleveland, OH

- Completed a comprehensive fellowship in interventional cardiology and electrophysiology, performing a variety of procedures such as angioplasty and stent placements.
- Contributed to clinical research, investigating innovative treatments for arrhythmias and heart disease prevention, resulting in several published studies.
- Provided mentorship to medical residents and fellows, leading training sessions on heart disease diagnosis and treatment strategies.
- Participated in multidisciplinary team meetings to discuss patient care plans and improve collaborative efforts in complex cardiac cases.

Certifications

- Board-Certified in Cardiology (ABIM)
- Certified in Advanced Cardiac Life Support (ACLS)
- Echocardiography Certification
