United States, Seattle, WA

EDUCATION

Bachelor of Science in Computer Science

University of Washington, Graduated: May 2015

Certifications

- AWS Certified Solutions Architect – Professional, January 2021
- Certified Kubernetes Administrator (CKA), March 2020

PROFESSIONAL SUMMARY

Principal Software Engineer with experience designing, developing, and deploying large-scale cloud applications. Specializing in cloud infrastructure, DevOps practices, and scalable system architecture. Proven track record of leading cross-functional teams to deliver high-performing, reliable cloud-based solutions.

EXPERIENCE

Principal Cloud Engineer

2020 - Now

TechCloud Solutions, Seattle, WA

- Lead the design and architecture of scalable cloud solutions using AWS, Azure, and Google Cloud platforms.
- Collaborate with development teams to implement microservices architecture, ensuring high availability and fault tolerance.
- Spearheaded cloud migration projects, resulting in a 40% reduction in infrastructure costs.
- Mentor junior engineers and provide technical leadership in cloud best practices and DevOps principles.

Senior Cloud Software Engineer

2015 - 2019

CloudTech Innovations, Seattle, WA

- Developed and deployed cloud-based solutions for enterprise clients, improving system performance by 30%.
- Optimized deployment pipelines, reducing deployment times by 25% through CI/CD automation.
- Integrated security protocols and compliance standards into cloud systems to maintain a secure environment.
