Springfield, MO 65804 

To Ms. Lisa Adams

Nurse Recruitment Coordinator

Dear Ms. Adams,

I am writing to express my interest in the Nurse Intern position at Springfield Regional Medical Center. As a senior nursing student at Missouri State University, I have completed a comprehensive clinical training program and am eager to apply my knowledge and skills in a professional healthcare setting. I am particularly drawn to your hospital due to its outstanding reputation for patient care and its commitment to fostering the development of nursing professionals.

Throughout my nursing education, I have gained hands-on experience in various clinical settings, including rotations in medical-surgical, pediatrics, and community health. These rotations have allowed me to hone my skills in patient assessment, medication administration, and providing direct patient care. Additionally, I have collaborated with multidisciplinary teams, including physicians, nursing staff, and social workers, to develop patient care plans and ensure optimal outcomes. I have also worked closely with patients and their families, providing education, emotional support, and advocacy.

Springfield Regional Medical Center's commitment to providing high-quality, compassionate care aligns perfectly with my values as a nursing professional. I am eager to contribute my clinical experience, strong work ethic, and passion for patient care to your team while continuing to learn from experienced nurses and healthcare professionals.

I am confident that my strong communication skills, attention to detail, and ability to adapt to new environments will allow me to make a meaningful contribution to your hospital. I would be grateful for the opportunity to further discuss how my education and experiences make me a strong candidate for this position. Thank you for considering my application, and I look forward to the opportunity to meet with you soon.

Sincerely,

Sonya F. Corley
