PROFESSIONAL SUMMARY

Compassionate Pediatric Travel Nurse with experience providing exceptional care to children in both hospital and home settings. Adept at managing complex medical conditions, collaborating with multidisciplinary teams, and providing emotional support to young patients and their families.

EXPERIENCE

Pediatric Travel Nurse

2023 - Now

National Staffing Solutions, Los Angeles, CA

- Provide high-quality pediatric nursing care across various hospitals, including emergency departments and general pediatric units.
- Administer medications, assist in diagnostic testing, and monitor patients' conditions, ensuring timely documentation and reporting.
- Work closely with pediatricians, specialists, and other healthcare providers to deliver coordinated care tailored to each child's needs.
- Educate parents and caregivers on treatment plans, home care instructions, and preventive health measures.

Pediatric Registered Nurse

2018 - 2022

Children's Hospital Los Angeles, Los Angeles, CA

- Delivered direct care to pediatric patients ranging from newborns to adolescents, addressing both medical and emotional needs.
- Assisted in surgeries, monitored post-operative recovery, and provided care for patients in critical condition.
- Implemented child-specific nursing interventions such as pain management, infection control, and health education for parents.
- Trained and mentored new nursing staff on pediatric care protocols and hospital procedures.

SKILLS

Pain management
