EDUCATION

Associate Degree in Machine Tool Technology

Houston Community College,
Graduated: May 2016

Certifications

- OSHA 30-Hour Safety Certification** |
Issued: March 2022
- Certified CNC Machinist (NIMS)-**
, National Institute for Metalworking Skills | Issued: July 2018

PROFESSIONAL SUMMARY

Experienced CNC Machinist with expertise in precision machining, setup, and programming. Skilled in operating multi-axis CNC machines, reading blueprints, and optimizing machining processes for maximum efficiency and accuracy.

EXPERIENCE

- CNC Machinist** 2020 - Now
Precision Manufacturing Inc., Houston, TX
- Program and operate CNC milling and turning machines to produce complex metal and plastic components.
 - Perform tool changes, offsets, and quality inspections to ensure precision and adherence to specifications.
 - Collaborate with engineers to optimize manufacturing processes and reduce cycle times by 15%.
 - Maintain and troubleshoot CNC equipment to minimize downtime.

- CNC Operator** 2016 - 2020
Lone Star Machining, Houston, TX
- Set up and operated CNC lathes and mills, ensuring precision and consistency.
 - Conducted routine maintenance on machines to prevent malfunctions and improve efficiency.
 - Read and interpreted blueprints and technical drawings for part fabrication.
 - Assisted in training new machinists on proper machine operation and safety protocols.

SKILLS

CNC machine setup and operation	★★★★★
G-code and M-code programming	★★★★★
Blueprint reading and GD&T interpretation	★★★★★
Quality control and inspection	★★★★★
CAM software (Mastercam, Fusion 360)	★★★★★
