PROFESSIONAL SUMMARY

Highly skilled Offset Press Operator with experience in operating Heidelberg and Komori presses. Proficient in color matching, press setup, maintenance, and troubleshooting to ensure the highest quality printing results. Dedicated to meeting deadlines and maintaining safety standards.

EXPERIENCE

Offset Press Operator

2020 - Now

Houston Printing Co., Houston, TX

- Operate Heidelberg Speedmaster 52 and Komori Lithrone presses to produce high-quality printed materials.
- Monitor and adjust machine settings to maintain consistent color quality and press performance.
- Perform routine maintenance and troubleshooting of presses to minimize downtime and optimize production.
- Ensure compliance with all safety protocols and environmental regulations during printing processes.
- Train new employees on press operation, quality control techniques, and press maintenance.

Junior Press Operator

2015 - 2019

Print Masters, Houston, TX

- Assisted senior press operators with the setup and operation of offset printing presses.
- Monitored ink levels, paper quality, and registration to ensure precision and accuracy in printed materials.
- Conducted routine inspections and cleaning of equipment to maintain optimal performance.
- Helped maintain an organized work environment, ensuring all materials were stocked and ready for the next print job.
