PROFESSIONAL SUMMARY

Experienced and compassionate Patient Transporter with experience ensuring the safe and comfortable transportation of patients within hospital settings. Adept at using medical equipment, providing excellent customer service, and collaborating effectively with healthcare teams.

EXPERIENCE

Patient Transporter

2020 - Now

St. Mary's Medical Center, Los Angeles, CA

- Safely transport patients to and from various departments including radiology, surgery, and emergency services, ensuring comfort and safety throughout the process.
- Assist patients with getting in and out of transportation vehicles and hospital beds, providing support when necessary.
- Maintain accurate records of patient movements, ensuring timely updates and communication with hospital departments.
- Provide emotional support to patients during transport, offering reassurance and ensuring their comfort.

Patient Transporter Assistant (Intern)

2018 - 2020

California Medical Group, Los Angeles, CA

- Assisted senior transporters in safely moving patients to and from their rooms, medical appointments, and diagnostic testing locations.
- Managed the transportation schedules and coordinated with hospital departments to optimize patient flow.
- Ensured that patient transport vehicles were cleaned and maintained in accordance with hospital infection control protocols.
