PROFESSIONAL SUMMARY

A dedicated and detail-oriented anesthesia technician with experience in assisting anesthesia providers in the operating room. Skilled in maintaining anesthesia equipment, preparing patients for procedures, and ensuring a sterile environment. Strong communicator and team player committed to delivering optimal care.

EXPERIENCE

Anesthesia Technician

2020 - Now

St. Peter's Medical Center, New York, NY

- Assist anesthesiologists in preparing and administering anesthesia to patients undergoing surgery.
- Maintain and troubleshoot anesthesia equipment to ensure all systems function properly.
- Prepare the operating room by setting up sterile supplies and anesthesia machines before each procedure.
- Collaborate with surgical teams to monitor patient vitals and make necessary adjustments to anesthesia levels during surgery.
- Educate patients on anesthesia procedures to reduce anxiety before surgery.

Anesthesia Tech Intern

2018 - 2019

Mount Sinai Hospital, New York, NY

- Assisted with sterilization and maintenance of anesthesia equipment.
- Monitored patients under general anesthesia, reporting changes to supervising anesthesiologist.
- Participated in inventory management, ensuring all supplies were properly stocked and maintained.
