Strong communication and decision-making skills	Expert
Attention to detail and quick problem-solving	Expert

### PROFESSIONAL SUMMARY

Experienced Tower Controller with experience managing traffic in a high-traffic airport tower environment. Skilled in managing takeoffs and landings, ensuring smooth transitions between aircraft, and maintaining a safe and efficient flow of air traffic.

### EXPERIENCE

May 2020 - Now

#### Tower Controller

O'Hare International Airport / Chicago, IL

- Direct takeoffs, landings, and flight movements at one of the busiest airports in the United States.
- Coordinate with approach and ground controllers to ensure smooth transitions and safe aircraft separation.
- Provide real-time instructions to pilots regarding altitude, speed, and course changes.
- Resolve conflicts and prevent collisions through effective communication and coordination.
- Document flight details, incidents, and runway status for operational reporting and compliance.

June 2018 - April 2020

#### Junior Tower Controller

O'Hare International Airport / Chicago, IL

- Assisted senior tower controllers in managing aircraft arrivals and departures.
- Monitored radar systems and maintained communication with pilots for smooth flight handovers.
- Conducted pre-flight and post-flight checks to ensure runway safety.
- Managed clearance for aircraft to takeoff, land, and taxi.

### EDUCATION

#### Bachelor's Degree in Aviation Management

University of Illinois / Graduated: May 2018

#### Certifications

- **Certified Professional Controller**, FAA, May 2020
- **Air Traffic Controller Certification**, FAA, June 2018
