LANGUAGES

- Fluent in English and Spanish; frequently acts as a translator between supervisors and Spanish-speaking crew members.

PROFESSIONAL SUMMARY

Reliable construction worker with experience operating cherry pickers, scissor lifts, and other aerial platforms on commercial job sites. Skilled in steel framing, elevated material transport, and safety enforcement. Known for on-time project delivery and effective collaboration across trades.

EXPERIENCE

Equipment Operator / Site Assistant 2017 - Now
SunCore Construction, Phoenix, AZ

- Manage vertical transport of heavy materials for multi-story builds using cherry pickers and telehandlers, improving site workflow and minimizing crew fatigue.
- Assist in steel framework assembly at heights, ensuring alignment through precise lift adjustments and coordination with crane operators.
- Enforce fall protection measures and harness compliance, contributing to the team's zero-fall incident record over a five-year span.
- Organize daily staging of lifts and coordinate movement between work zones to avoid congestion and improve scheduling.

General Construction Laborer 2013 - 2017
DesertWorks Contracting, Mesa, AZ

- Supported residential and small commercial projects, using cherry pickers for siding installation, roof prep, and HVAC lift access.
- Conducted daily checks and minor maintenance on lift equipment to reduce breakdowns and extend service life.
- Helped coordinate between trades to streamline elevated access tasks for electricians, roofers, and installers.
- Assisted in traffic barrier setup, debris removal, and general crew support duties throughout various build phases.
