

AIRCRAFT MAINTENANCE TECHNICIAN

Samantha Ortega

COVER LETTER

Dear Ms. Monroe,

I am submitting my application for the Aircraft Maintenance Technician role at Alaska Airlines. I hold a valid FAA Airframe & Powerplant license and have five years of hands-on experience servicing Boeing 737 and Embraer 175 aircraft.

At Horizon Air, I performed line and overnight maintenance on a mixed fleet. I specialize in troubleshooting hydraulic systems and repairing pressurization faults. I'm proficient with AMOS and use digital manuals to maintain accuracy and compliance.

Alaska's safety-first culture and commitment to operational excellence are why I'm excited to apply. I admire your Green Skies Initiative and would be proud to contribute to a team that values both precision and progress.

I'm available for an interview at your earliest convenience. Thank you for your time.

Best regards,

Samantha L. Ortega
