PROFESSIONAL SUMMARY

Pediatric dentist with a gentle touch and strong background in child-focused dental care. Experienced in treating patients with dental anxiety and special needs. Dedicated to early prevention, education, and long-term oral health.

EXPERIENCE

Pediatric Dentist

Little Smiles Dental, Chicago, IL

March 2016 - Now

- Treat young patients with a wide range of dental needs, creating personalized, developmentally appropriate care plans.
- Introduce behavior guidance techniques that decreased sedation use by 30%.
- Create fun, educational dental workshops for schools and daycare centers.
- Foster trusting relationships with families, leading to a high patient return rate.

Associate Pediatric Dentist

Happy Teeth Pediatric Dentistry, Chicago, IL

July 2014 - February 2016

- Focused on early caries prevention and dietary counseling.
- Coordinated with orthodontists on early bite correction for young children.
- Used child-friendly communication techniques to reduce procedural anxiety.
