# JORDAN REYES

## JOURNEYMAN LINEMAN

## PROFESSIONAL SUMMARY

Reliable and safety-driven Journeyman Lineman with extensive hands-on experience in both overhead and underground electrical systems. Recently completed a rigorous IBEW Local 77 apprenticeship with over 8,000 hours of fieldwork. Skilled in energized line maintenance, service restoration, and equipment operation.

## EXPERIENCE

- July 2023 - Now

### Journeyman Lineman

**Northwest Gridworks** / Spokane, WA

- Install and maintain 12kV distribution systems for commercial and residential grids.
- Perform transformer changeouts, service drops, and underground fault isolation.
- Operate bucket trucks and other aerial equipment in compliance with safety protocols.
- Communicate effectively with supervisors and fellow crew members to maintain job efficiency.

- July 2019 - June 2023

### Apprentice Lineman (IBEW Local 77)

**Various Utility Contractors** / Pacific Northwest

- Completed a 4-year program combining 8,000+ hours of on-the-job training with 600+ hours of classroom education.
- Assisted with energized and de-energized line construction, including pole framing, setting, and conductor installation.
- Participated in live-line tool use, grounding, and bucket truck operations.
- Consistently supported safety briefings and practiced daily job hazard analysis.
