

JESSICA RAMIREZ

ETL DEVELOPER

Phone: (617) 444-9812
Mail: j.ramirez.dev@gmail.com

Address: United States, Boston, MA

Experienced SSIS Developer specializing in healthcare data environments. Adept at building HIPAA-compliant ETL pipelines and integrating clinical systems (EPIC, Cerner) into centralized data warehouses.

EXPERIENCE

October 2020 - Now	CareLogic Systems / Boston, MA
ETL Developer – Healthcare IT	• Develop SSIS packages to integrate patient data from multiple EHRs. • Use FHIR APIs to supplement legacy ETL processes. • Build robust error-handling logic to flag and quarantine invalid data. • Partner with compliance teams to ensure adherence to data governance standards.
January 2018 - September 2020	MedBridge Analytics
Jr. Data Developer	• Assisted in building dimensional models for patient care data. • Created lookup, conditional split, and fuzzy match components for ETL flows. • Wrote SSIS logs to push errors into incident management system.

EDUCATION

Certifications	• Certified Health Data Analyst (CHDA) • HIPAA Privacy & Security Training (2023)
