

BARTENDER

Emma Caldwell

COVER LETTER

Dear Mr. Kent,

I am writing to express interest in the bartender position at Eleven Madison Park. With five years of experience in upscale hospitality, I bring a strong sense of precision, grace, and a deep appreciation for exceptional service. Working in such an iconic establishment would be both a privilege and an exciting challenge.

While at Le Coucou, I collaborated with the sommelier and head bartender to craft pairings that enhanced the tasting menu. I managed the cocktail program during seasonal changes, ensuring new drinks reflected both the cuisine and clientele. This experience sharpened my palate, presentation, and ability to anticipate guest needs in a refined environment.

Eleven Madison Park's evolution toward plant-based fine dining is one I've followed closely. I admire the thoughtful storytelling behind each element, and I'm eager to support that vision from behind the bar.

Thank you for considering my application. I'd welcome the opportunity to contribute to your world-class service team and uphold the bar's exceptional standards.

Warm regards,

Emma Caldwell
