To Hiring Manager

CityScape Urban Planning

Dear Hiring Manager,

I am excited to apply for the Urban Planning Civil Engineer position at CityScape Urban Planning. With a background in urban infrastructure design, land use planning, and sustainable development, I am eager to contribute to projects that enhance community livability and environmental resilience.

During my recent role at Evergreen Design Group, I worked on multiple mixed-use developments where I coordinated site layouts, transportation planning, and stormwater management systems. My work included close collaboration with planners, architects, and local agencies to ensure compliance with zoning laws and environmental regulations.

I hold a Bachelor's degree in Civil Engineering from the University of Washington, with a focus on urban systems. I am proficient in AutoCAD, GIS, and have experience with public engagement processes.

CityScape's commitment to innovative, community-centered urban design aligns perfectly with my professional values and aspirations. I am enthusiastic about the opportunity to bring my technical skills and collaborative approach to your team.

Thank you for considering my application. I look forward to discussing how I can support CityScape's projects. Please contact me at (206) 555-3124 or via email at ethan.caldwell@email.com.

Sincerely,

Ethan Caldwell
