 San Jose, CA

Professional summary

Reliable and detail-oriented corporate pilot candidate with 230 flight hours, including experience in simulated jet cockpit environments. Trained in executive aviation standards, FAA protocols, and aircraft inspection. Ready to deliver safe, discreet transportation for business clientele.

Experience

June 2023 - May 2025

Line Service Attendant

JetSet Aviation Services, Palo Alto, CA

- Conducted pre-flight and post-flight ground prep for corporate jets, including fueling, power checks, and catering delivery.
- Interfaced with flight crews to verify service requests, hangar space, and VIP security protocols.
- Maintained cleanliness and presentation of aircraft interiors to executive standards.
- Documented aircraft movements and turnaround times to support the operations dispatch team.

August 2022 - May 2023

Aviation Simulator Lab Assistant

San Jose Flight Academy, San Jose, CA

- Managed simulator bookings and maintenance for student training in Citation M2 jet platform.
- Led one-on-one sessions to help peers refine their IFR procedures and jet transition training.
- Performed troubleshooting and calibration on simulator components to ensure FAA alignment.
- Recorded student pilot metrics and delivered performance summaries to flight instructors.
