

# MARK SULLIVAN

To

**Ms. Jennifer Collins**

Bluewater Fisheries

Dear Ms. Collins,

Please accept this letter as formal notice of my resignation from Bluewater Fisheries, effective two weeks from today. This decision was not made lightly but follows a prolonged period of unfair treatment, which has compromised my ability to work in a respectful and supportive environment.

From

**Mark Sullivan**

I have been subject to unequal task assignments, exclusion from important meetings, and a general lack of support from both supervisors and colleagues. Despite my efforts to communicate these issues, the workplace dynamics have remained unchanged, making it increasingly difficult for me to remain motivated.

Details

While I am grateful for the professional growth opportunities, I believe my skills and commitment deserve to be met with fairness and encouragement. I hope the company will use this feedback to make meaningful improvements in employee relations.
